

We hope the beginning of 2022 finds all of you, your families, and friends happy and healthy as the never ending pandemic continues globally.

This season Kirk Kove will be 90 years old! This is a huge milestone for any small business and we plan on celebrating this anniversary throughout the season with our guests.

Kirk Kove had a strong finish to 2021 thanks to the kindness of our American guests rolling their deposits forward when there was no indication of the border reopening, and to our new and returning Canadian guests who filled up our cottages throughout the season.

Kirk Kove successfully completed two seasons – KIRK KOVID FREE! We will continue to adhere to health and safety measures and best practices to ensure we can continue to honour this statement.

We were excited to welcome back, after two years, our American guests at the end of August and those that decided to book in September in order to get their Kirk Kove fix!

There hasn't been any suggestion that the border between the U.S. and Canada may reclose which is great news. There also hasn't been any talk

of removing the current vaccination requirements for crossing the border. Please let us know by end of February if you won't meet the border crossing requirements and/or won't be staying with us in 2022. We have a long waiting list for the cottages and would like to let these guests know if we have availability, as soon as possible.

We look forward to welcoming everyone back this season.

Best wishes and see you soon!
Your Kirk Kove Family
